BAROLO CERRETTA DOCG 2014 (92)

Grown at an altitude of 400 mt in Serralunga, this has a reticent cherry and raspberries nose but it is quite stylish. Rich and juicy, it has a good weight of concentrated cherry fruit, but there is a slight lack of acidity so it doesn't show much drive. The palate is chewy but not tough, following ageing in small and medium sized barrels. Quite long on the finish.

Drinking window 2019-2030
